

NESA Accredited Webinar

30 July 6pm to 8pm

Free for IEU members!

Numeracy and Thinking Skills for 3-5 year olds

Presenter Merryn Develyn will share a range of fun and effective strategies and games to help children with important number concepts, mathematical strategies and thinking skills

The workshop includes:

- mathematical language and basic concepts
- practical and hands on activities
- number recognition and counting
- understanding number value, one to one correspondence
- making numeracy meaningful for children
- linking literacy and books with numeracy
- EYLF outcomes and numeracy
- play based learning and numeracy
- using everyday items to teach important number concepts
- simple and fun number games and activities

Each participant will receive a certificate of attendance and a copy of notes and games.

To register: [Numeracy and Thinking Skills for 3-5 year olds](#) (ensure you sign in with your membership number and password) or email: pd@ieu.asn.au

Completing this workshop will contribute 2 hours of NESA Accredited PD in the priority area of Delivery and Assessment of the NSW Curriculum/ EYLF addressing Standard Descriptors 2.1.2 and 2.5.2 from the APST, for Teachers towards maintenance of Proficient Teacher Accreditation.
